

Presentation 2: Inventions

Name: Lina Liu

Invention: Homeless Hope Smart Phone w/ apps

	1-6 Needs Improvement	7-8 Good	9-10 Excellent
Preparation			10
Clarity			10
Enthusiasm			10
Eye Contact/Body Language/Loudness			10
Information and organization/pictures/ or objects			10
Final Grade: 50 /50 =A+			

Comments:

Lina,

I really enjoyed your presentation about a simple cell phone for homeless people that provides them real time service help to help get homeless people back into society. You really created a very detailed presentation. I think you could possibly create something like this with our current technology. Great job!
